

Gun Owners of America Proudly Endorses Cheri Steinmetz for the Wyoming Senate

Dear Cheri,

GOA is proud to endorse Cheri Steinmetz for Senator in Wyoming's 3rd Senate District.

Senator Steinmetz is a veteran of many battles to protect and defend the Second Amendment.

Over the last several years, Cheri has stood tall as a defender of Constitutional Rights. She co-sponsored Wyoming's 2018 **Stand Your Ground Law**, and she has consistently voted for pro-Second Amendment legislation including concealed carry expansion, firearms industry nondiscrimination, and Second Amendment Protection Acts.

When describing the Second Amendment, Steinmetz said, "**....It protects life, liberty, and property....the right to own, carry, possess, and use firearms lawfully without infringement.**"

Cheri Steinmetz

Steinmetz scored 100% on GOA's candidate survey, which serves as a "contract" for our members. Furthermore, Cheri passed all other aspects of our rigorous evaluation process including a careful review of a candidate's history and beliefs.

In the 2022 Budget Session, Senator Steinmetz not only supported but also sponsored GOA-backed SF0102 (Wyoming's Second Amendment Protection Act). This legislation passed in March 2022 and makes it illegal for state or local officials to institute or cooperate with unconstitutional federal gun control. The law has the nation's strongest criminal penalty of one year in jail for any official who violates the Constitutional rights of Wyoming citizens.

Steinmetz says, "**I was a cosponsor of the SAPA bill. It is a great vehicle to get law enforcement, citizens, and the legislature on the same page in defense of our people from federal overreach. It is one of the strongest in the nation with criminal penalties attached. I would support ideas to strengthen any laws regarding the right to keep and bear arms.**"

Cheri Steinmetz has been a steadfast conservative voice who faithfully follows her oath to support and defend the Constitutions of Wyoming and the United States.

Wyoming needs dedicated conservative Senators in the State Legislature, so please be sure to vote for Cheri Steinmetz in the Republican Primary on August 16.

A vote for Cheri Steinmetz is a vote for Freedom and Liberty!
